Quilt Path™ Essentials

A New Way to Quilt Edge-to-Edge

The new Edge-to-Edge Wizard makes quilting your first project simple and stress-free. This step-by-step feature guides you through the process with both written instructions and a full video library.

Features

- Built-in step-by-step help and videos
- Remove your Quilt Path™ touchscreen tablet and lay out your next quilt from anywhere.
- Access a library of over 125 quilt-ready patterns.
- Thread break detection so you can multi-task while quilting.
- Professional accuracy.
- Quick and simple installation. No machine removal needed.
- Quilt Path™ can be added to any APQS model year 2013 or newer that has the Bliss Table.
